

01

Need To Know - Before Booking

1. You have a running vehicle.
2. You have a working phone number which can be reached at all times during shipping of your vehicle.
3. The vehicle before 80s requires special handling. Ask your company if it is up for the job.
4. The normal length of vehicle may not exceed 7' in height and a minimum of 4" ground clearance to safely load and unload your vehicle. Otherwise you need to specify its modification and size when you book.
5. Your battery must be secure in the mounting bracket.

02

Preparing Your Car For Shipping

1. The vehicle must be clean for inspection. A dirty vehicle decreases the ability to perform a quality inspection.
2. The gas tank must have a minimum tank of fuel, but no more than half tank of fuel.
3. All alarm systems must be disconnected, disabled or turned off. If not keys should be provided. Or transporter can use any methods necessary.
4. Car stuff such as radios, cassette decks and CD players that are not built in, as well as car phones, garage door openers, and E-Z toll tag passes etc. must be removed.
5. All personal belongings must be removed.
6. All exterior stuffs like spare tire covers, grill covers, or car covers must be removed.
7. The driver side doors and windows should be running.
8. Your vehicle must be prepared for the new climate. This may include engine coolant, transmission oil, and other fluids.
9. Your vehicle must have working brakes. Check the tire pressure for loading and unloading.
10. A photocopy of the vehicle registration should be placed in the glove box.

03

Vehicle Inspection – After Delivery

1. You or your designated authority must be present for the inspection at the time of pick-up and delivery.
2. You or your designated authority is responsible for confirming your vehicle's condition. This must be done before the driver leaves the destination.
3. You or your designated authority must sign the bill of lading and condition report at both origin and destination.
4. You are supposed to pay after delivery and inspections. Vehicle condition exceptions must be noted on the bill of lading.
